Sub: APEPDCL – O&CS – Licensees duty for supply of Electricity – Recovery of expenditure – Regulation No.04 of 2013 – collection of development charges, instead of DTR cost –Modification orders- issued – Regarding.

Ref: 1. Lr.No.APERC/E-202/DD-Dist/2016, Dt.09.09.2016.  
2. Note order of the Hon'ble CMD/EPDCL, Dt.23.03.2017.

\*\*\*\*\*

The Hon'ble APERC, Hyderabad issued guidelines towards collection of development charges, instead of DTR cost vide ref 1<sup>st</sup> cited above.

With reference to the above, the Superintending Engineers/ Operation are Instructed to implement the following modifications to the existing guidelines with effect from **01.04.2017**.

**Modifications:**

- a. If any consumer (related to any category or multistoried buildings where the building height is below 15 metres(excluding stilt floor ) opt for an individual DTR , the existing procedure will have to be followed (as per clause 2(3) of Proceedings No.Secy/10/2015,Dt.29.05.2015 of APERC). In these cases the supply can not be extended to any other consumer from the dedicated DTR.
- b. For extension of supply to regular services ( all categories except Industrial and Agricultural) and for multistoried buildings of height below 15mts (excluding stilt floor) where erection of DTR involves, no charges shall be collected towards Transformer and Transformer structure but Load Development charges shall be collected from those consumers who have not opting for own (dedicated) transformers only.
- c. For extension of supply to agricultural services the practice of exemption of Rs. 50,000/- per service from the estimate cost shall be withdrawn. And No charges shall be collected towards Transformer and Transformer structure duly exempting the line cost for first 180mts Line ( both HT and LT together)

- d. For extension of supply to Industrial services , only Prawn culture services where erection of DTR involves, no charges shall be collected towards Transformer and Transformer structure but Load Development charges shall be collected from those consumers who have not opting for own (dedicated) transformers only.

However in all other cases,the existing procedure/guidelines remains unaltered.
